FOR IMMEDIATE RELEASE

ORBUS EXHIBIT & DISPLAY GROUP INTRODUCES 57 NEW PRODUCTS

Bolingbrook, IL - Oct. 20, 2010: Orbus Exhibit & Display Group announces the addition of 57 new products to its current line of tradeshow, exhibit and display products. These products appear in the recently released 2010 issue 2 of the company's product catalog, the [Exhibitors' Handbook](#).

The company expanded its Orbital Express Truss product line with 21 new kits including the Atlantis and Hercules lines, which feature a look and feel unlike anything previously introduced.

The Atlantis kits allow customers to create curved backwalls out of standard truss pieces.

The company also introduced truss counters and podiums that coordinate with the new and existing Orbital Express Truss kits. Features like optional plex counter tops and quality graphic substrates and printing make these new counters and podiums as visually pleasing as they are easy to assemble.

Orbus Exhibit & Display Group also expanded its Zoom line of outdoor banners to include three sizes and three different shapes. In addition, a new line of molded shipping and transportation cases are available to house the new products. The company also introduced a new product line named Vector Walls, which are fabric back wall displays/fabric banner displays. It also extended its range of Coyote Pop-up display accent kits, banner stands and Formulate and Linear product lines.

"What keeps our client base happy is our ability to adapt and introduce new and innovative products," said Giles Douglas, President and CEO of The Orbus Exhibit & Display Group. "We never rest because we know how fast this industry moves; it is changing every day. We always want more, want what's next, and want to be pioneers in developing the product of our field."

The Orbus Exhibit & Display Group is a market-leading, privately owned group of companies that specialize in the manufacture and trade only supply of portable modular and custom modular, exhibit and display, products, graphics and solutions.

Companies within the group include [Orbus365](#), [SignPro Systems](#), [Origin](#), and [Axis](#).
